### İNDEKS İCERİK İLETİSİM

Indeks is a communication service provider offering content development and content management. It is a one stop shop! At Indeks, we believe that content is the key for competitive edge. Providing channel-independent and integrated content our platform offers experienced staff journalists, researchers and editors, along with a creative team of artists, designers, and consultants.

**Periodicals;** Indeks enhances the reputation of corporate world by presenting sustainable, high-quality content with unique corporate publications. Indeks also develops corporate identity and vision, and distinguishes itself in content development and management by finding solutions specific to client needs.

**Non-Periodicals:** Indeks offers creative solutions specific to Investor Relations, Human Resources or Marketing and Sales needs. Indeks designs corporate books, financial reports, integrated reports and all other corporate tools, including digital publications effectively communicating company activities and strategies. Printed reports are supported with supplementary works on digital platforms.

### SPEAKER AGENCY

Since 2004, Indeks Speaker Agency has acted as the Turkish representative of distinguished speaker agencies in Europe and the United States. Indeks speakers stand out for their continuous creativity and ability to respond to the needs of the business world. Our portfolio of distinguished speakers are experts on critical issues, to name a few; economy, politics, leadership, technology, innovation, geo-strategy, and further. Indeks Speaker Agency represents 500+ local-foreign speakers.

### MEDIA RELATIONS

Indeks offers “Media Relations Training Modules” and “Consultancy Services” for the short and long term needs of organizations and managers. Custom simulations are developed for specific newspapers, TV-radio stations, social media channels and digital platforms. The “Content Quality Analysis Module” offers competitive comparative content analyses.

### CONTENT FACTORY

Content Factory is a special sales platform with thousands of original content items, in the form of text, photography and video. We like to call it a “content bank”. Content Factory offers access to ready-to-use content in hundreds of categories for corporate magazines, digital platforms, blogs, specialised magazines, academic publications and research-reports. Users can access ready-to-use legal content or can easily order and receive tailor-made content.
